Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

Notice of Allowability

Declaration

1. The declaration under 37 CFR 1.132 filed June 27, 2003 is sufficient to overcome the rejection of claims 1-5, 7-11 and 13-25 based upon Patil et al, Patil et al in view of Mizukami et al and in view of Plank et al.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: Claims 1-5, 7-11 and 13-25 are allowable upon consideration of the Declaration under 37 CFR 1.132 filed June 27, 2003, consideration of applicant's arguments; consideration of the amendment to the claims filed on 6/27/03; and reconsideration of the prior art.

The prior art fails to disclose or suggest the instantly claimed alumina pore size distribution.

The Declaration demonstrates the criticality of the pore size distribution of alumina in producing high conversion of organic compounds at much lower temperatures than those attained by catalysts using alumina outside the pore size distribution of alumina of the instant claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
